Coffee Table Leg
Quantity: 4

Phillips Rounded Head Screw
Quantity: 16

STEP 1

To begin the installation of the coffee table, first, position the table upside down on a stable, non-abrasive soft surface to avoid any scratching. Slide the leg into the v-bracket (shown in zoomed in image 1). Tap leg lightly with a rubber mallet if needed for a snug fit. Using the provided screws, secure each leg by fastening them into the pre-drilled holes, ensuring they are tightly fixed to prevent any movement. Pay close attention to the additional reinforcement points as indicated in the diagram, and insert the remaining screws to strengthen the attachment. Once all screws are properly tightened, double-check the stability of the legs. Repeat for the remaining legs and v-brackets.

DISCLAIMERS

Please review the enclosed packing list to ensure all components are included. Please read the instructions carefully before you begin assembly.
