## Oversized Soccer and Volleyball Cage Balls

### Warnings

- DO NOT over-inflate ball
- DO NOT stand on ball or play near stairs
- DO NOT strike ball with head
- DO NOT strike ball with arms
- DO NOT jump on ball
- Keep away from heat or open flame
- Avoid contact with sharp objects
- Be safe! Play away from street
- Adult supervision is strongly recommended

### Inflation Instructions

1. Turn cover right-side out.
2. Unfold the bladder until flat. Insert the bladder through the hook and loop opening of cover and make sure the end with inflating hole is as close to the center of cover opening.
3. Remove the plug to inflate the bladder.
4. Use a suitable-sized pump nozzle to inflate the bladder. Air compressors are not recommended for inflation.
5. Keep inflating the ball until the cover is smooth with no wrinkles BUT not so tight that the cover cannot be properly closed.

### Storage

- Do not store in extreme temperatures. When not in use, ball should be stored at room temperature.
- Store the ball fully or partially inflated, if possible. If not possible, store it flat.

### Washing Instructions

1. To wash outer cover, deflate inner bladder completely and remove bladder from outer cover.
2. Wash in cold water using laundry detergent.
3. DO NOT use bleach.
4. Line dry or dry with low heat.
