CHILDCRAFT
snoezelen®

Learning Environments have many uses, but one purpose.

Every environment in every school has the potential to engage and inspire students. To invite collaboration and creativity. To be flexible and adapt to varying needs. To help you meet today's standards and be ready for the future. At School Specialty®, helping you create such spaces is our mission.

Find solutions for every age and every type of space.

From infant to grade 12, teachers and administrators... from classroom needs to special needs, wellness and exclusive Snoezelen® Multi-Sensory solutions... from seating to storage, tables to tech. School Specialty® offers an extensive selection of our own exclusive furniture plus the brands of other top manufacturers to meet your every need.

Let our team of designers, learning environment specialists, and education experts help you envision, design, and implement learning spaces that will meet your objectives and exceed your expectations.

We're your 'DESIGN, PROJECT MANAGEMENT & MORE' partner

Projects by Design® is our turnkey, collaborative, and complimentary service designed to help you envision and install dynamic, future-ready learning spaces.

We support you every step of the way from initial discovery to design, delivery to development, through installation and beyond.

We can be your single source for products, design, and project management resulting in one P.O. for your entire project.

OUR PROVEN PROCESS

DISCOVER

Discovery meeting, project roadmap, alignment on budget and vision.

DESIGN

Design and product recommendations presented in detailed color renderings. Final price proposals — detailed room-by-room.

DELIVER

On-site supervision of the entire post-award process and management of all logistics.

DEVELOP

A variety of half- and full-day courses to help you get the most out of your new environments.

GENERAL EDUCATION ENVIRONMENTS

Engaging and inspiring classrooms can fuel richer learning and improve outcomes.

Modern classroom design includes dynamic solutions such as: flexible, multi-functional furniture. Soft, comfortable seating. Small tables or groups of desks to facilitate small group collaboration. All supported by the right technology to power instruction, student inquiry, and collaboration.

EARLY CHILDHOOD ENVIRONMENTS

Investing in early childhood environments invests in the students they engage.

Designed with purposeful learning areas and filled with the right furnishing and materials, infant rooms can provide not just cribs and changing tables, but serenity and stimulation. Environments for toddlers through the early grade school years can foster curiosity and exploration. And every student's first steps into a lifetime of learning can be filled with wonder.

MAKERSPACE & STEM/STEAM LAB ENVIRONMENTS

The benefits of hands-on learning are in reach for everyone.

Whether you have space for a full Makerspace lab or are just looking to dedicate a section of a library, converted computer lab, or spare classroom, with the right materials, modular solutions, and some ingenuity, you can foster creativity anywhere.

MAKERSPACE I

CAREER TECHNICAL EDUCATION (CTE) ENVIRONMENTS

**Fuel discovery and cultivate career
and college opportunities.**

Whether you are creating a dedicated lab for a single subject or need a flexible, multi-purpose solution, a well-equipped Career Technical Education (CTE) area can encourage innovation while developing college and career skills. Solutions like tables of varied shapes and heights with storage underneath to house materials and tools will help give students the tools they need to explore their interests, nurture their skills, and prepare for the future.

LIBRARY MEDIA CENTER & COMMONS ENVIRONMENTS

Today's libraries are evolving into active learning commons for gathering, research, and collaboration.

These dynamic spaces can support a range of learning types with design elements such as: a balance of fixed zones and flexible spaces. Different seating styles to support different activities. Plenty of space for storage and display. And most importantly – choice, so students can be productive wherever they'll be most comfortable.

SOCIAL & EMOTIONAL LEARNING AND WELLNESS ENVIRONMENTS

Create havens to help reduce stress and promote engagement and emotional wellbeing.

The physical environment can play an important role in supporting social and emotional learning (SEL) and wellness. Effective designs should incorporate solutions such as ergonomic furniture, optimized lighting and acoustics, and flexible seating options to accommodate different learning preferences. Sensory-friendly “quiet zones” can help students decompress, while fostering connections among students and teachers enhances a sense of belonging. Outdoor learning spaces can boost students’ well-being and academic performance by providing a refreshing change of environment.

MUSIC & ART ENVIRONMENTS

Inspire, engage, and support artistic expression in every student.

The arts foster creativity, well-being, confidence, self-expression and more. Learning spaces that best support these benefits include elements, such as: flexible, ergonomic furniture to accommodate diverse activities from practicing instruments to creating visual art or group project work. Optimized lighting and acoustics to help enhance focus, allowing students to immerse themselves in their work. Areas for individual expression, such as studios, practice rooms, or quiet corners. Additionally, using vibrant colors, natural light, and adaptable seating arrangements can transform spaces into inspiring settings that encourage collaboration, innovation, and artistic growth.

PHYSICAL EDUCATION ENVIRONMENTS

Support healthy bodies, healthy minds, and healthy attitudes.

Students who get more opportunities to be physically active throughout the day enjoy mental and cognitive benefits as well. Whether you are building out a new fitness room, renovating an existing one, or converting a corner into a yoga space, there are many smart solutions that can help you create spaces that makes space for movement, physical activity, and sensory development.

CAFETERIA & FOOD COURT ENVIRONMENTS

As a place for gathering, cafeterias can inspire a sense of community and school pride.

This quality can be enhanced by taking cues from similar spaces students enjoy, like food courts. Design choices like augmenting traditional picnic-style seating with restaurant-style booths and café tables can give students an ideal place to enjoy safely gathering and collaborating on their studies.

ADMINISTRATION & FACILITIES ENVIRONMENTS

Non-learning spaces serve students, staff, families, and community members alike.

From the front office to the teachers' lounge, the right design can help define these valuable spaces – from a calming space filled with the latest equipment balanced by a sense of comfort, to spaces designed for teachers to collaborate and plan.

NEVER RUN OUT OF INSPIRATION with our Professional Learning Opportunities

To help you stay current with ever-evolving techniques and teaching styles, we offer an extensive range of Learning Environment courses. Our professional learning opportunities are developed and taught by former educators, administrators, and education researchers, all as passionate as they are expert.

Snap this code for more information on our Professional Learning Offerings.

LEARNING ENVIRONMENT COURSES

DESIGNING INNOVATIVE LEARNING SPACES

Item# 2029111

Full-Day Face-to-Face Course: Helps teachers collaboratively investigate, research resources, and practice around creating and using student-centered learning spaces. Explore best practice and apply it to contexts. Prototype ideas for agile learning spaces and identify future plans.

CULTURE & CLIMATE IN THE STUDENT-CENTERED CLASSROOM

Item# 2029117

Full-Day Face-to-Face Course: Explores research and examples of best practice in classroom culture. Time and space is included to develop personalized strategies to try out in classrooms, working as a cohort to brainstorm, ideate, and provide feedback.

INCORPORATING AUTHENTIC STUDENT VOICE & CHOICE IN THE CLASSROOM

Item# 2029116

Half-Day Face-to-Face Course: Offers a variety of approaches that establishes a culture of student voice and choice, as well as strategies for managing those structures in the classroom.

BUILDING A CULTURE OF COLLABORATION

Item #2029114

Half-Day Virtual or Face-to-Face Course: Collaboration is at the top of the list of skills that employers look for. This workshop will provide teachers with an opportunity to do a deep dive into the competencies that are central to collaboration.

Item# 2029115

Full-Day Virtual or Face-to-Face Course: Teachers will also explore ways to build collaboration, and engage in a design challenge to outline how they will build structures for collaboration in their own classrooms.

INSTRUCTIONAL STRATEGIES FOR INNOVATIVE LEARNING

Item# 2029113

Online Course: Innovative learning spaces require innovative instructional strategies, and vice versa. Experience a variety of instructional delivery methods that support student-centered learning and build future-ready skills.

CLASSROOM SELECT® COLOR MATCHING GUIDE

To design using a monochromatic look, use this color matching guide.

The printed or PDF version of this guide offers an approximate representation of color values. We strongly recommend requesting a physical sample of the color(s) and material(s) needed for your project for an exact representation. Also, please note that while we strive for the best color matches, color exactness is impossible to meet across different types of materials.
