

# Snoezelen® Fiber Optics

Fiber Optics Set, 100 cables

Lie on them. Wrap your body in them. Stroke them gently with your fingers. An extremely effective method of providing visual and tactile stimulation - especially helpful for those with low vision or limited verbal ability.

## FEATURES & BENEFITS

- Fiber optics are an extremely effective method of providing visual and tactile stimulation
- Encourages reach, grip and fine motor function
- Durable strands are ultra-resistant to accidental damage
- Phthalate, glass and latex free
- Sensory Magic® compatible
- Bamboo fiber optics have chunky strands that are especially tactile, making them very easy to grip

## RECOMMENDED ACCESSORIES

### FIBER OPTIC LIGHT SPRAY ENCLOSURE

- Enclosure for light spray keeps the electrical box and cord safely out of reach
- Light-weight, wood enclosure mounts to wall
- Easy access for cable cleaning and bulb changes
