SAFETY DATA SHEET

Section 1	Chemical Product and Company Information	Page E1 of E2
	80 Northwest Blvd. Nashua, NH 03063 (800) 225-3739	CHEMTREC 24 Hour Emergency Phone Number (800) 424-9300 For laboratory use only. Not for drug, food or household use.
Product	SODIUM FLUORIDE	
Synonyms	Sodium Monofluoride / Floridine	
Section 2	Hazards Identification	
GHS Classifi Acute toxicity Skin irritation Eye irritation GHS Label in H301: Toxic if H315: Cause H319: Cause Supplementa	GHS06 ns: Skeletal system, Kidneys, Central nervous system ication: (, oral (Category 3) (Category 2) (Category 2A) nformation: Hazard statement:	 Precautionary statement: P264: Wash hands thoroughly after handling. P270: Do not eat, drink or smoke when using this product. P280: Wear protective gloves/protective clothing/eye protection/face protection. P301+P310: IF SWALLOWED: Immediately call a POISON CENTER or doctor. P302+P352: IF ON SKIN: Wash with plenty of water and soap. P332+P313: If skin irritation occurs: Get medical attention. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P337+P313: If eye irritation persists: Get medical attention. P405: Store locked up. P501: Dispose of contents/container to a licensed chemical disposal agency in accordance with local/regional/national regulations.

Ca Prop 65: This product does not contain any chemicals known to the State of California to cause cancer or reproductive toxicity.

Section 3	Composition / Information on	Ingredients			
Chemical Name		CAS #	%	EINECS	
Sodium fluoride		7681-49-4	100%	231-667-8	
Section 4	First Aid Measures				

INGESTION: TOXIC IF SWALLOWED. Call physician or Poison Control Center immediately. Induce vomiting only if advised by appropriate medical personnel. Never give anything by mouth to an unconscious person.

INHALATION: MAY BE HARMFUL IF INHALED. Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

EYE CONTACT: CAUSES SERIOUS EYE IRRITATION. Check for and remove contact lenses. Flush thoroughly with water for at least 15 minutes, lifting upper and lower eyelids occasionally. Get immediate medical attention.

SKIN ABSORPTION: CAUSES SKIN IRRITATION. Remove contaminated clothing. Flush thoroughly with mild soap and water. If irritation occurs, get medical attention.

Section 5 Fire Fighting Measures

Suitable Extinguishing Media: Dry chemical, CO₂ or water spray.

Protective Actions for Fire-fighters: In fire conditions, wear a NIOSH/MSHA-approved self-contained breathing apparatus and full protective gear. Use water spray to keep fire-exposed containers cool.

Specific Hazards: During a fire, irritating and highly toxic gases may be generated by thermal decomposition or combustion.

Section 6 Accidental Release Measures

Personal Precautions: Evacuate personnel to safe area. Use proper personal protective equipment as indicated in Section 8. Provide adequate ventilation.

Environmental Precautions: Avoid runoff into storm sewers and ditches which lead to waterways.

Containment and Cleanup: Recover for reuse if not contaminated. Sweep or vacuum up and place in a suitable container for proper disposal. Wash spill area with soap and water.

Section 7 Handling & Storage

Precautions for Safe Handling: Read label on container before using. Do not wear contact lenses when working with chemicals. Keep out of reach of children. Avoid contact with eyes, skin and clothing. Do not inhale dusts. Use with adequate ventilation. Avoid ingestion. Wash thoroughly after handling. Remove and wash clothing before reuse.

Conditions for Safe Storage: Store in a cool, dry, well-ventilated area away from incompatible substances.

Section 8	Exposure Controls / Personal Protection					
Exposure Limits:	Chemical Name	ACGIH (TLV)	OSHA (PEL)	NIOSH (REL)		
Exposure Linits.	Sodium fluoride	Not established	Not established	Not established		

Engineering controls: Facilities storing or utilizing this material should be equipped with an eyewash facility and a safety shower and fire extinguishing material. Personnel should wear safety glasses, goggles, or faceshield, lab coat or apron, appropriate protective gloves. Use adequate ventilation to keep airborne concentrations low.

Respiratory protection: None should be needed in normal laboratory handling at room temperatures. If dusty conditions prevail, work in fume hood or wear a NIOSH/MSHA-

Section 9							
	Physical & Chemical Prope	erties					
Appearance: Solid. ' Odor: No odor Odor threshold: Dai pH: Data not availab Melting / Freezing pr Boiling point: 1704° Flash point: Not flan	e bint: 993°C (1819°F) C (3099°F)	Flammability (s Explosion limit Vapor pressure Vapor density Relative densit	te (= 1): Data not av solid/gas): Data not av s: Lower / Upper: Data e (mm Hg): Data not a Air = 1): 1.45 y (Specific gravity): 2 4 g/100 ml water @ 0'	vailable ata not available vailable .78 g/cc	Auto-igniti Decompos Viscosity: Molecular	oefficient: Data n on temperature: ition temperature Data not available formula: NaF weight: 41.99	Data not available : Data not available
Section 10	Stability & Reactivity						
Chemical stability: Conditions to avoid	Stable :Excessive temperatures and m		us polymerization: W	/ill not occur.			
Incompatible materi	als: Reacts with acids to form c	orrosive and tox	c hydrogen fluoride. W	ater solution is higl	nly corrosive to	o many materials.	
Hazardous decomp	osition products: Toxic fluoride	containing vapo	rs may be released on	heating to high terr	peratures.		
Section 11	Toxicological Information						
Carcinogenity: Data not available NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP. IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC. OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA. Ca Prop 65: This product does not contain any chemicals known to the State of California to cause cancer or reproductive toxicity: Data not available STOT-single exposure: Data not available STOT-repeated exposure: Data not available Aspiration hazard: Data not available Potential health effects: Inhalation: May be harmful if inhaled. Ingestion: Toxic if swallowed. Skin: Causes skin irritation. Eyes: Causes serious eye irritation. Eyes: Causes serious eye irritation. Eyes: Causes serious eye irritation. Signs and symptoms of exposure: Symptoms include chills, labored breathing, fever, cough, vomiting, abdominal distress, diarrhea, stupor, and weakness. Over-exposure may cause fluorosis, a condition affecting bones and teeth. Exercise appropriate procedures to minimize potential hazards.
