PART AND TOOLS LIST

Royal 1600 Desktop with Frame
Quantity: 1

Royal 1600 Desk Leg Insert
Quantity: 4

Screw for Leg Insert
Quantity: 8

STEP 1

In this step of the installation, the leg inserts with glides need to be connected to the frame. Start by placing the desk top upside down on a stable, non-abrasive soft surface to avoid any scratching. Align the leg uppers with the openings on the leg inserts, as indicated by the red arrows in the diagram. Step (1) highlights the insertion point where the leg insert should be carefully placed into the leg upper. Step (2) focuses on securing the connection using screws on the side. Insert and tighten the screws to ensure stability and proper alignment, leaving the screw a $\frac{1}{4}$ turn. After setting the leg height, flip the desk over, and make sure the unit is level. Then turn $\frac{1}{4}$ turn and tighten the screws, so the inserts are not wobbly.

DISCLAIMERS

Please review the enclosed packing list to ensure all components are included. Please read the instructions carefully before you begin assembly. If you find anything missing or have any questions now or after set-up, please contact Customer Care at 888.388.3224 or customercare.schoolspecialty.com/contact-us-email.

Heavy or large furniture may require two or more people for proper assembly. Improper assembly may void the warranty. Ensure all hardware is correctly installed and screws are fully tightened before use. Recheck and tighten screws at least once per year. Failure to assemble or secure parts properly may result in product failure or personal injury.

The products illustrated/photographed in this assembly instruction may vary slightly from the actual product.
