

Snoezelen® WiFi Interactive Stepping Stones

Move from step to step to create your own light show, and to also activate WiFi responsive products such as wall panels, fiber optics, bubble tubes and more!

FEATURES & BENEFITS

- Helps encourage reach and movement, color-matching, coordination, attention, awareness of cause and effect, core strength, elevation, balance, spatial awareness and gross motor skills
- Includes 1 block of 8 "stones" in varying heights and colors
- Pressure pads contained in a foam padded wooden box change color of light from other products in the room
- Designed using heavy-weight nylon reinforced vinyl with high-density foam
- Easy to wipe clean
- WiFi compatible
