

Model 3068AV-CT | Switchable Stereo/Mono Over-Ear Headphone with Volume Control

Control No. 2103819

Introduction

We've updated the cord to CaliTuff®, making this classic Califone® headphone versatile and even tougher! With the flip of a switch, these headphones go from mono to stereo, providing maximum utility as students move from monaural functions (typical for ELL/ELD lesson) to stereo requirements of computer workstations and online learning.

Features

1. Comfortable padded headband for extended wear
2. Fully adjustable to fit most sizes
3. Replaceable, foam-filled ear cushion
4. Stereo/Mono switch
5. Rugged polypropylene plastic ear cups resist breakage in high-use situations
6. Volume control on ear cup for optimal hearing
7. Permanently attached cord with reinforced "strain" connection that resists accidental pull out
8. Lengthy 10 foot, CaliTuff® cord
9. 3.5mm plug
10. 1/4" adapter

Warranty

Califone's 3 year warranty covers school and business uses.

Includes CaliTuff® Cord

Highly durable CaliTuff® Cord is made of braided, PVC-jacketed material that resists chewing and cutting. The CaliTuff® design includes a reinforced earcup entry point that resists stress separation and a tethered hook and loop strap that provides cable management for easy storage.
