YOUR PARTNER IN CREATING COMPLETE
LEARNING ENVIRONMENTS

Furniture. Supplies. Installation. ALL YOU NEED. ALL FROM ONE SOURCE.

At School Specialty, we believe every learning environment project should be planned as a complete solution. From furnishings and classroom supplies to instructional materials and coordinated installation, every element plays a role in creating spaces that are ready for teachers and students from day one.

That's why we offer **Projects by Design®** – a full-service, strategic, and collaborative approach to creating dynamic, research-based learning environments with everything schools need, all from one source.

We've used this approach to support thousands of projects for every age, every learner, and every type of space.

And we'd love to do it for you.

Our unique 4D PROCESS

We have developed an exclusive and proven 4D process to guide you through every stage of your project, from initial concept to classroom readiness. From furnishings and classroom supplies to coordinated delivery and professional support, our expert team manages every step to help ensure your project meets your objectives, fits your budget, and prepares educators and students for success from day one.

DESIGN

DELIVER

DEVELOP

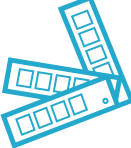

DISCOVER

It's all about getting to know you.

We'll have an initial kick off meeting where our local team will learn about your objectives, your instructional vision, and your needs.

DESIGN

The dreams we talked about during Discover come to life.

We'll create designs informed by the latest education expertise and collaborate until the layout, furnishings, finishes and supply lists are just right.

DELIVER

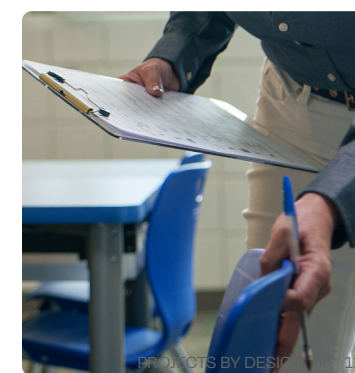

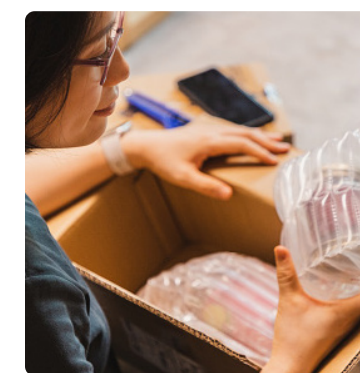

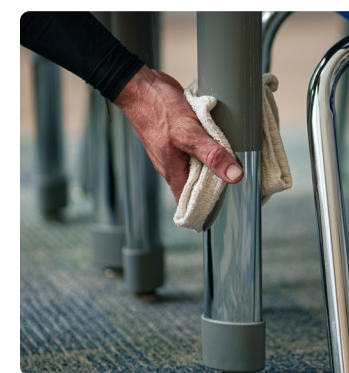

We manage every aspect of your installation.

Our expert team oversees it all – from before the delivery truck arrives until every piece of furniture is assembled, every classroom supply is organized, and every learning space is ready for day one.

Our comprehensive service includes:

- coordinated delivery
- room-by-room kitting
- hands-on project management

DEVELOP

We help educators maximize the power of the new learning environments.

Our specialists can provide custom professional development designed around your unique goals, environment and staff needs.

"A room is only as successful as the way we use it. We wanted to make sure our staff felt empowered in knowing when to use which types of tools and for what purpose. The professional development session was wonderful. Now that teachers are getting more comfortable with the materials and their uses, the room is being used really well. Teachers and support staff are feeling more empowered to use the room."

HEATHER WAHLBERG, DIRECTOR
MARIE BAUER EARLY EDUCATION CENTER
PASO ROBLES JOINT UNIFIED SCHOOL DISTRICT
