

Snoezelen® Bubble Tubes

Accessory

Bubble tubes have a universal appeal across all ages and abilities and are an essential sensory tool that aids self-regulation by providing a calming, relaxing sensation with gentle visual stimulation.

Bubble tubes bring movement, light and color to any space.

FEATURES & BENEFITS

- Bubble tubes are used as a focal tool for sensory regulatory activities or used interactively with encouraging visual tracking, color recognition, physical movement (reaching, looking up), hand-eye coordination and communication
- 8 colors provide a calming, relaxing ambiance
- Smooth surface and cooler temperature of the tube provides tactile contrast
- Attracts attention, concentration and engagement
- Easy to clean, maintain, operate and assemble
- Made of solid, durable clear acrylic
- Easily fill tube with water and empty from the bottom
- WiFi compatible
- Sensory Magic® compatible

PRODUCT RECOMMENDATIONS

- We recommend using distilled water and adding BCB Water Treatment Fluid (item #2123508) to the bubble tube monthly or immediately after a water change to help prevent bacteria, smell, and algae
- Top off bubble tube every 3 months, or as needed, with distilled water
- Bubble tube collar is recommended to secure the bubble tube to a wall
- Use in well-lit spaces or in darkened environments where their effects are most striking
- Pair with bubble tube base to secure tube and provide seating

CLEANING INSTRUCTIONS

Bubble tubes should ONLY be cleaned with a mild solution of soapy water as described in the instruction sheet. Never use solvent based cleaning products - such as benzyl alcohol, alcohol wipes or liquid detergents.
